Veena Malik 'threat' to Islam: Pak clergy

Veena Malik may be upping the TRPs by being part of the Bigg Boss household in India, but in her country she is being seen as a "threat" to Islam. In a recent television show, ex-Bigg Boss contestant Ali Saleem aka Begum Nawazish Ali had to bend backwards to defend himself and his colleague Veena who was accused of being a threat to Islam.

While Ali was accused of "bayghairti, baysharmi and bayhayai (being shameless)" for dressing up like a woman by religious honcho Mufti Abdul Qawi, Veena was accused of disrespecting Islam by behaving irresponsibly in India on public television.

Most Pakistanis have reacted strongly to the Mufti's reaction, contending that Veena is not an official representative of Pakistan and that she was in India to boost her career.
